

beez attack !!

BZz is an original and energetic **Power Rock Trio** from Lille (Fr). **BZz** mix Post-Rock creativity and Punk energy; Jungle rhythms and Electronics!

The result is a unique **Modern Rock** sound based on crazy grooves, highly seasoned with progressive ideas, hysterical vocals and samples !!!

The band takes its real dimension on stage, with a fresh and dynamic show.

BZz feels just as if **GONG** played punk rock, as if **PRIMUS** played with loops, as if the **ARCTIC MONKEYS** were influenced by **BATTLES**, as if **NIRVANA** underwent a shamanic experience after eating "mushrooms".
